

# ANIMALS AND PLANTS

# 1. Sea Animals

? What kind of water is in the sea?

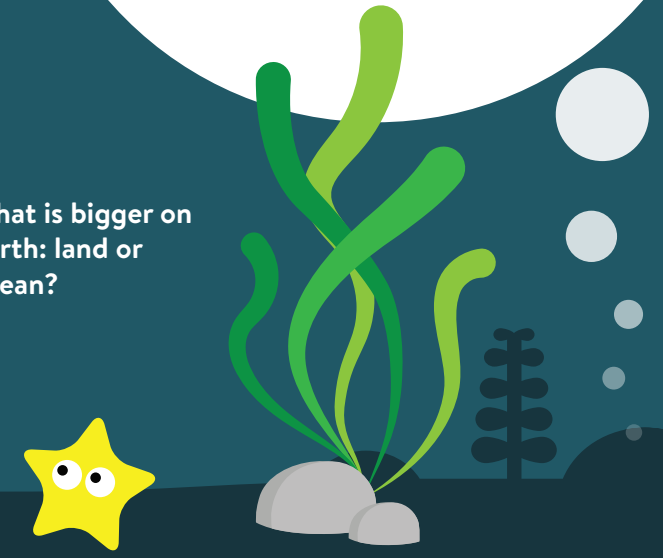

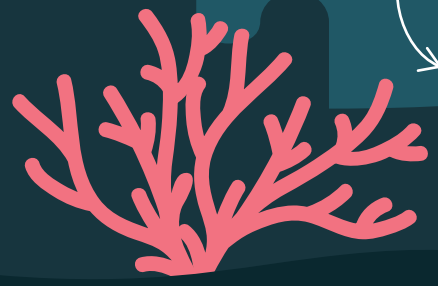

? How close do you live to the sea?

 Draw a sea animal swimming

? What is bigger on Earth: land or ocean?

 Draw an animal with a shell

# MAKE AN OCTOPUS

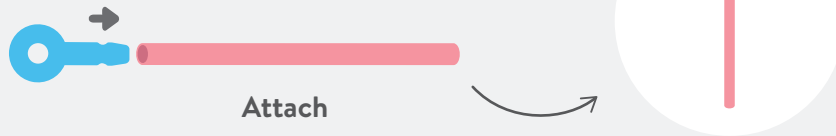

● x2   ● x4  
— x8   — x1

**1** Count 4 yellow connectors and 2 orange straws

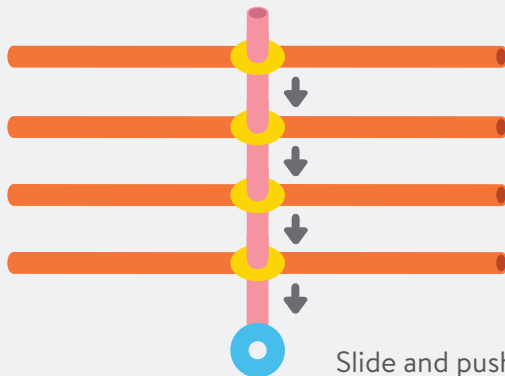

Make 4 structures

**2** Count 1 blue connector and 1 pink straw

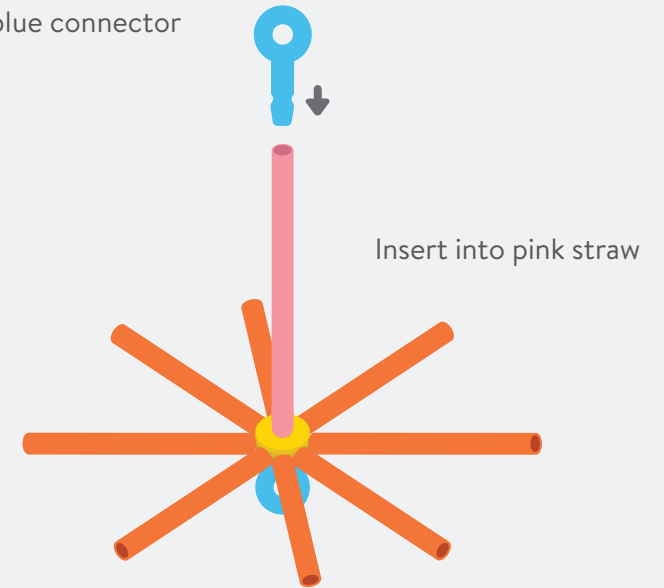

Attach

**3** Put the previous 4 structures through the straw

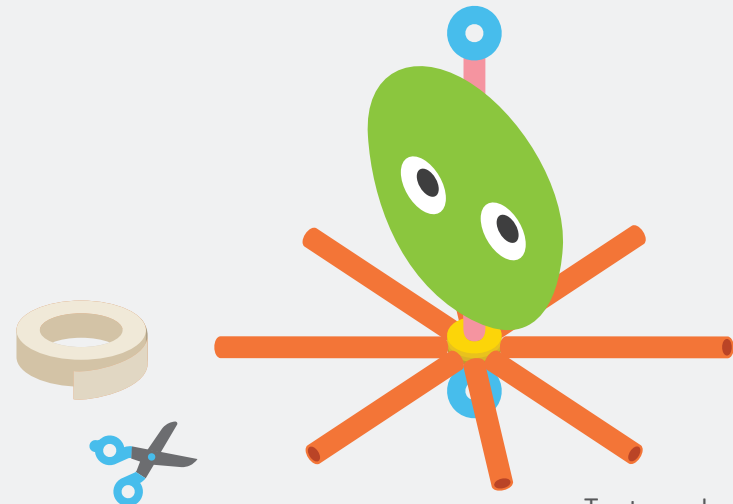

Slide and push yellow connectors onto the blue connector

**4** Count 1 blue connector

**6** Cut the image of octopus from the back side and tape it on

Try to make your octopus swim!

# 2. Flowers

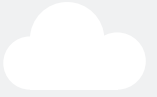

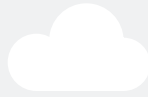

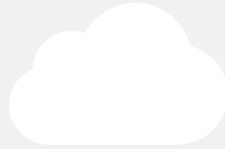

Label the flower

● STEM

● PETAL

● LEAF

Draw a rose for a friend

Find a flower outside and observe

Are petals always the same shape?

花

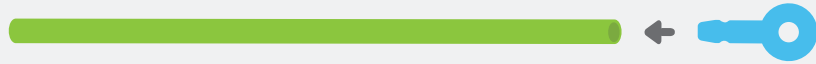

Write Flower in Chinese Mandarin

## MAKE A FLOWER

- 1** Count 1 blue connector and 1 green straw

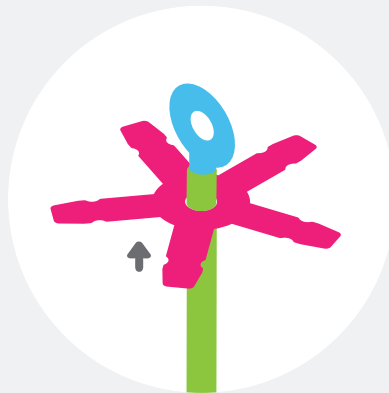

Insert into the straw

- 2** Count 1 red connector

Slide and push the red connector onto the blue connector

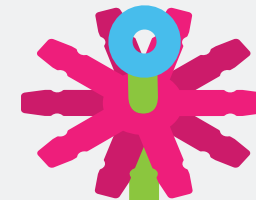

- 3** Count 1 red connector

Slide and push red connector onto blue connector

- 4** Bend the legs of the connectors up

Adjust the petal shapes!

Can you make a bouquet with making more flowers?

# 3. Insects

# BUG

Name 2 insects

Draw one you've seen

Write Bug

What is this insect?

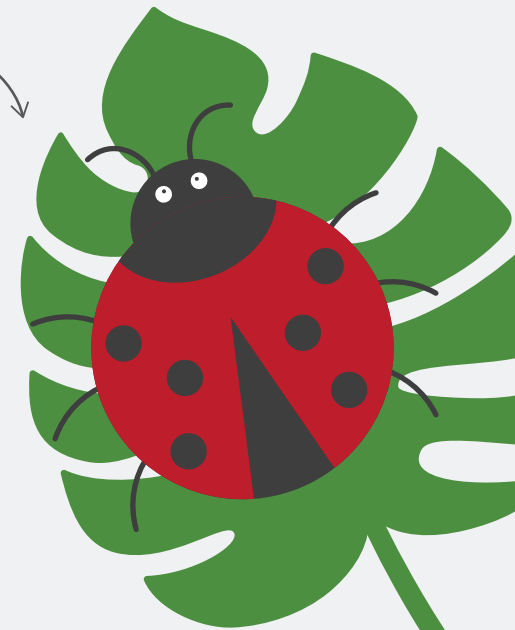

Draw a line to each part

● ANTENNAE

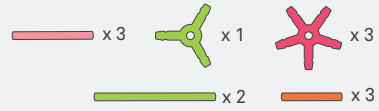

● WINGS

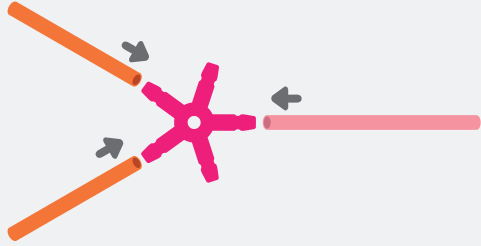

Name something insects do
